Dear Parents and Carers

This week got off to fabulous start with a visit from Newport Hockey Club and pupils from Adams Grammar School. They led a session for each class on hockey skills and mini games. See the photographs below. The children thoroughly enjoyed the sessions, and I know that a few were keen to join the club. A big thank you goes out to Ashley and Adams Grammar for the experience.

In geography this term we are learning about the continent of South America, and particularly the country of Peru. The children have been very excited to learn about a country that is so different to our own, especially as we have an expert in school, Mrs Wellman. Later on in the term the children will be making artwork inspired by patterns and artists from Peru.

Next week is learning disabilities week in the UK. Have a look at SEND Corner to find out a little more about it and where you can find further information.

Also, next week some transition visits begin. On Tuesday afternoon the Year 2 children who are going to Moorfield will visit the school and meet their new teacher. On the same afternoon Year 1 children will move into Class 2 for an afternoon with Mrs Powell and Mrs Sanders, along with any current Reception children who will be in Class 2 next year. The rest of Reception will stay to welcome our new September children and their parents into our school for their visit. We know that they will be a great help.

Tomorrow is Carnival Day and we are all keeping our fingers crossed that the weather is kind to us. If your child is taking part, please meet us at Burton Borough at **11.15am** ready for the procession. Thank you to our Friends for all their organisation and work around the float, and to you as parents for creating wonderful hats

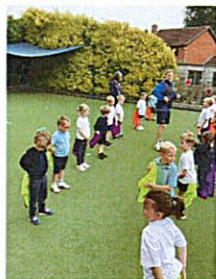

CARNIVAL

and supporting this event. I look forward to seeing you there.

Enjoy the weekend, whatever the weather!

Mrs Sarah Pitt

Available from the choir website www.beaumarissingers.org,
choir members, or ZigZags, St Mary's Street, Newport

THIS WEEK'S WINNING TEAM IS

YELLOW TEAM

SEND

CORNER

Next week is Learning Disability Week in the UK. A learning disability affects a person's intellectual ability and requires lifelong support, which varies based on individual needs. Some may need full-time care, while others live independently with occasional assistance. Learning disabilities can be linked to conditions like Cerebral Palsy or Down Syndrome, though not everyone with these conditions has one. Unlike learning difficulties such as dyslexia, which don't affect overall intellectual ability, learning disabilities do. Neurodevelopmental conditions like ADHD and Autism are not learning disabilities.
